

Request For Proposal

El Dorado County Air Quality Management District

Motor Vehicle Emission Reduction Projects February 2012

Background

In 1990, Assembly Bill 2766 (AB 2766) was adopted into the California Health and Safety Code. AB 2766 authorized the Department of Motor Vehicles (DMV) to collect a motor vehicle registration clean air surcharge of \$4 per vehicle. Revenues generated from the DMV clean air surcharge are provided to the Air Quality Management District (AQMD) to be used for internal operations and grant programs that reduce air pollution from motor vehicles in order to implement the California Clean Air Act. Internal operations include planning, monitoring, enforcement, and technical studies. Grant programs include shuttles, park and ride facilities, bike trails, biomass transport reduction and others. This is a competitive grant program.

Purpose

The grant program purpose is to reduce motor vehicle emissions. AQMD's goal in this RFP process is to identify projects that provide significant motor vehicle emission reductions at the lowest cost per ton of emissions reduced. Information on projects and their cost-effectiveness is then presented to the El Dorado County Air Quality Management District Board of Directors for award consideration. Grants funds are intended to subsidize emission reduction projects, not supplant existing normal operating expenses.

Grant Funding

Approximately \$525,000 is available for the grant term, contingent upon Board of Directors approval. There is currently no limit on individual award amounts. The Board of Directors reserves the right to fund an amount less than the amount requested.

Matching Funds

All applicants must contribute minimum matching funds equal to or greater than 20% of the grant amount requested. The Match Share requirement must be fulfilled after receiving the Notice to Proceed and throughout the grant term. The Match Share may be either monetary or in-kind (non-dollar) contributions. Volunteer services are acceptable in-kind contributions and will be valued as the number of volunteer hours at the current State of California minimum hourly wage rate. Other non-dollar contributions will be considered.

When estimating costs, the applicant must indicate the total cost for the project, and then subtract the amount eligible for grant funding (at least 80%). The amount left over is the required minimum 20% Match Share. The Match Share must be actual cost to the grant applicant of matching services.

Applicant Eligibility

El Dorado County jurisdictions including: cities, special districts, other political subdivisions and jurisdictions joined together by JPAs or MOUs, private companies, private individuals and non-profit organizations are eligible to apply for these grants. Applicants may join together and submit applications for regional projects.

Eligible Projects (Other projects that reduce motor vehicle emissions are also encouraged)

Vehicle Retrofit and Replacement

Projects to reduce mobile source tail pipe emissions by retrofit or replacement vehicles and engines with eligible, new (2012 model or later) vehicles and engines and natural gas and electric vehicle infrastructure. All replaced vehicles and engines must be scrapped. Examples of these projects include:

1. Replacement of old light-duty motor vehicles (8500 lbs. or less) with a new light-duty electric, hybrid, alternative fuel or other low emitting vehicle that meets the zero emission vehicle (ZEV), alternative technology partial zero emission vehicle (ATPZEV), or partial zero emission vehicles (PZEV) standard.
2. Replacement of old medium-duty (8501 lbs – 14,000 lbs.) vehicles with new low emitting medium-duty vehicle that meets the ZEV or super low emission vehicles (SULEV) standard.
3. Replacement of an old heavy-duty vehicle (14,001 lbs or greater) with a low emission alternative fuel vehicle (AFV) of the same class.
4. Replacement of an old high emitting engine in a heavy-duty vehicle with a new alternative fueled low emitting engine.
5. Liquefied and compressed natural gas or electric vehicle infrastructure projects

Vehicle Miles Traveled (VMT) Trip Reduction

Projects to reduce motor vehicle trips by providing alternative methods of travel. Examples of these projects include:

1. Videoconferencing systems that reduce the vehicle trips of the public to public facilities
2. Construction of public park and ride facilities
3. Subsidies for new commuter vanpools
4. Construction of bike paths that serve schools or employment centers
5. Shuttle services

Public Education

The California Clean Air Act requires districts include a public education element in their attainment plans. Public education programs should deliver a focused message encouraging behavioral changes that reduce motor vehicle emissions. Project examples include:

1. Development/distribution of educational materials on how residents can improve air quality.
2. Development and distribution of educational materials to at-risk populations on the health impacts of poor air quality and how to avoid them.
3. Air quality curriculum development and implementation in school districts.

Fugitive PM10 Emission Reduction

Projects to reduce vehicle fugitive dust (PM10) emissions. Project examples include:

1. Paving unpaved public access road(s) that have an average of at least 100 one-way vehicle trips per day or serve a minimum of ten occupied residences.
2. Treatment of unpaved public access road(s) with a long-term (lasting at least one year) dust palliative (excluding oil and water). Eligible roads must have an average of at least 100 one-way vehicle trips per day or serve a minimum of ten occupied residences.
3. Signage to reduce speed on unpaved public access roads
4. Incremental cost of PM10 efficient street sweepers used on paved public roads

Eligible Costs

Eligible costs are direct costs associated with implementing the project, which are incurred after receiving the Notice to Proceed and by the end of the grant term. AQMD reserves the right to make final determinations regarding cost eligibility for each project.

Ineligible Costs

Any costs not directly related to the project are ineligible for grant or matching funds. Ineligible costs using grant or matching funds including, but are not limited to:

- Costs not specifically identified in the Proposal, unless approved in writing by the Air Pollution Control Officer (APCO) prior to costs being incurred;
- Costs currently covered by another government grant, contract or loan;
- Expenses incurred for meetings, workshops, training not associated with the project;
- Personnel travel or per diem costs, unless approved in writing by the APCO prior to the costs being incurred;
- Food or beverages;
- Overhead expenses such as costs for utilities, office supplies, and other miscellaneous costs incurred during the project;
- Overtime costs (except for local government staffing during evening or weekend events when law or labor contract requires overtime compensation), unless approved in writing by the APCO prior to the costs being incurred.
- Any personnel costs not directly related to salaries and/or benefits;
- Any personnel costs incurred as a result of any employee assigned to the project funded by the grant while not actually working on the project (i.e., working on other tasks, use of accrued sick leave, vacation, etc.)
- Any costs not consistent with local, state, and federal guidelines and regulations;
- Interest charges or payments on bonds or indebtedness required to finance project costs;
- Fines or penalties due to violation of federal, state or local laws, ordinances or regulations;
- Cameras, cell phones, electronic personal data devices and/or pagers;
- Costs connected with contractor claims against the grantee; and
- Any costs not deemed appropriate by the APCO.

Audit Requirements

All grantees are required to comply with the following:

1. **Audit/Records Access.** Grantees agree that AQMD, El Dorado County Auditor, California Air Resources Board, Bureau of State Audits, or their designated representative(s) shall have the right to review and copy any records and supporting documentation pertaining to contract performance. Grantees agree to maintain such records for a minimum of three years after final payment, unless a longer period of records retention is stipulated, or until completion of any action and resolution of all issues which may arise as a result of any litigation, dispute or audit, whichever is later. Grantees agree to allow designated representative(s) access to such records during normal business hours and allow interviews of any employees who might reasonably have information related to such records. Further, grantees agree to include a similar right to audit records and interview staff in any contract or subcontract related to contract performance.

2. Personal Jurisdiction Waiver: If as a result of an audit finding, AQMD seeks reimbursement of costs paid to a grantee, the grantee hereby waives any jurisdictional defenses as a defense to any action in any court of the State of California for recovery of such funds.

Payment of Grant Funds

Grant funds are paid on a quarterly reimbursement basis for the actual eligible costs directly related to the implementation of the project as approved in the Contract. All payment requests must include an itemization with documentation of claimed expenses (e.g., itemized receipts, proof of payment invoices, billable personnel hours, etc.).

Twenty percent (20%) of documented expenses on each payment request will be applied to the match requirement. The AQMD shall reimburse Contractor only for up to 80% of Contractor’s actual time and expenses incurred in the performance of this contract. The AQMD shall not under any circumstances reimburse Contractor for commitments made by Contractor for services not performed or materials not received.

Reporting Requirements

The 2766 grant is performance based. Quarterly performance reports are required to ensure projects are on schedule and within parameters approved by AQMD. A final report summarizing all grant activities is due February 28, 2014.

Grant Term

The grant term is from the Notice to Proceed date through December 31, 2013. All costs must be incurred during this term. The final payment request is due February 28, 2014. The following criteria are for reference only. AQMD staff will determine a score and make a recommendation to the AQMD Board of Directors. The Board of Directors will make the final award determinations. Applicants must provide sufficient, accurate data to allow AQMD staff to accurately evaluate cost effectiveness. Required data may include time of operation, ridership and vehicle miles traveled. Projects should be designed to achieve the maximum emission reduction at the lowest cost.

Cost Effectiveness - 90 Points

Cost effectiveness will be determined for total project costs (total of grant funds and matching funds):

<u>Points</u>	<u>\$/Pound of Motor Vehicle Pollutants</u>
90	\$0 - 10/lb.
80	\$10 - 25/lb.
70	\$25 - 50/lb.
60	\$50 - 75/lb.
50	\$75 - 125/lb.
40	\$125 - 200/lb.
30	\$200 - 400/lb.
20	\$400 - 999/lb.
10	>\$1000/lb.

Preferred Projects – 10 Points

Points are awarded for projects having benefits in addition to motor vehicle emissions reduction. Additional benefits include reduction of non motor vehicle emissions, such as burning, and projects that improve quality of life for County residents. Projects with additional benefits are:

- Projects that include new technology demonstration and introduction
- Enhanced Transit/Shuttle Service Projects
- Biomass Transport Reduction

If two or more projects receive the same score, priority will be given to the lowest cost project.

WHEREAS, AB 2766, codified in California Health and Safety Code section 44220, et seq., authorizes districts to impose a fee of up to four dollars upon certain registered motor vehicles within the AQMD, and the Governing Board of the AQMD has imposed said fee; and

WHEREAS, said legislation requires the AQMD to use said funds for activities related to reducing air pollution from motor vehicles and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of the California Clean Air Act of 1988; and

WHEREAS, CONTRACTOR has proposed a Project that meets the eligibility criteria of the AQMD and that has been approved by AQMD for funding; and

WHEREAS, CONTRACTOR represents that it is willing and able to perform the activities set forth herein.

NOW, THEREFORE, AQMD and CONTRACTOR mutually agree as follows:

1. PROJECT

CONTRACTOR agrees to furnish all labor, materials, equipment, licenses, permits, fees, and other incidentals necessary to perform and complete, per schedule, in a professional manner, the services described herein. CONTRACTOR represents that CONTRACTOR has the expertise necessary to adequately perform the Project specified in said Proposal.

In the event of any conflict between or among the terms and conditions of this Agreement, the Proposal incorporated herein, and the documents referred to and incorporated herein, such conflict shall be resolved by giving precedence in the following order of priority:

1. To the text of this Agreement;
2. Proposal to this Agreement; and
3. To the "Motor Vehicle Emission Reduction Projects Request for Proposals" (RFP) released to Interested Parties by the AQMD and dated 2010-2011.

2. PERIOD OF PERFORMANCE/TIMETABLE

CONTRACTOR shall commence performance of work and produce all work products in accordance with the Work Statement and deadlines for performance identified in the Proposal of this Agreement, unless this Agreement is terminated sooner as provided for elsewhere in this Agreement.

CONTRACTOR shall submit quarterly performance reports and a comprehensive final report. The quarterly reports shall detail the work performed during the previous quarter; work planned for the

next quarter; problems identified, solved, and/or unresolved; and the percentage of each task completed. Quarterly reports shall be due 30 days after the end of the previous calendar quarter. CONTRACTOR shall provide AQMD with a comprehensive final written report by February 28, 2014. Said final report shall be complete and shall document the work performed under this Agreement.

3. TERM

The term of this Agreement shall be for the period of July 1, 2012 through December 31, 2013 unless terminated earlier in accordance with Article 7, Termination.

4. COMPENSATION

AQMD will pay the CONTRACTOR the sum of xxx DOLLARS AND NO CENTS (\$xx) as follows:

CONTRACTOR shall obtain through other sources sufficient additional monies to fund the total cost of the Project as outlined in the Proposal. Satisfactory written evidence of such funding commitments shall be provided to AQMD prior to the release by AQMD of any funds under this Agreement. In the event funding from other sources for the total cost of the Project is not received by CONTRACTOR, AQMD reserves the right to terminate or renegotiate this Agreement. In accordance with Section 44233 of the California Health and Safety Code, CONTRACTOR agrees to limit expenditure of funds for the purpose of administration to not more than five percent of the monies distributed to CONTRACTOR. The AQMD is not obligated to pay CONTRACTOR for administrative costs exceeding five percent of the actual total cost of the Project.

The total obligation of the AQMD under this Agreement shall not exceed *xxx* DOLLARS AND NO CENTS (*\$xx*).

A. **PAYMENTS:** Advance payments shall not be permitted. Payments will be permitted only at which time an equivalent service has been completed. The AQMD shall reimburse CONTRACTOR quarterly, in arrears, after receipt and verification submitted to El Dorado County Air Quality Management District, Attention: *Air Pollution Control Officer*. Payment shall be made to CONTRACTOR by the AQMD upon submission and evaluation of the CONTRACTOR'S invoice of claim. Said invoice of claim shall set forth the work completed pursuant to this Agreement.

Upon receipt of proper documentation, and verification that CONTRACTOR has satisfactorily completed the work for which compensation is sought and that the work is in accordance with the Exhibit Summary Sheet attached hereto, AQMD will issue payment to CONTRACTOR within forty five (45) calendar days of verification.

The amount to be paid to CONTRACTOR under this Agreement includes all sales and use taxes incurred pursuant to this Agreement, if any, including any such taxes due on equipment purchased by the CONTRACTOR. The CONTRACTOR shall not receive additional compensation for reimbursement of such taxes and shall not decrease work to compensate therefore.

Concurrently with the submission of any claim for payment, CONTRACTOR shall certify (through copies of invoices issued, checks, receipts, and the like) that complete payment has been made to any and all subcontractors as provided.

It is understood that all expenses incidental to CONTRACTOR'S performance of services under this Agreement shall be borne exclusively by CONTRACTOR.

In no event shall compensation paid by the AQMD to the CONTRACTOR for the performance of all services and activities under this Agreement exceed the amount set forth in paragraph 4 above.

Only expenditures incurred by the CONTRACTOR in the direct performance of this Agreement will be reimbursed by the AQMD. Allowable expenditures under this Agreement are specifically established and included in the Proposal.

5. NON-ALLOCATION OF FUNDS

The terms of this Agreement and the services to be provided thereunder are contingent on the approval of funds by the appropriating government agency. Should sufficient funds not be allocated, the services provided may be modified or this Agreement terminated at any time by giving the CONTRACTOR thirty (30) days prior written notice.

6. INDEPENDENT CONTRACTOR LIABILITY

CONTRACTOR is, and shall be at all times, deemed independent and shall be wholly responsible for the acts of CONTRACTOR'S employees, associates, and subcontractors, in connection with the installation, operation, use and maintenance of the Project.

7. TERMINATION

A. Breach of Agreement: AQMD may immediately suspend or terminate this Agreement, in whole or in part, where in the determination of the AQMD there is:

1. An illegal or improper use of funds;
2. A failure to comply with any term of this Agreement;
3. A substantially incorrect or incomplete report submitted to the AQMD; or
4. Improperly performed services.

In no event shall any payment by the AQMD constitute a waiver by the AQMD of any breach of this Agreement or any default, which may then exist on the part of the CONTRACTOR. Neither shall such payment impair or prejudice any remedy available to the AQMD with respect to the breach or default. The AQMD shall have the right to demand of the CONTRACTOR the repayment to the AQMD of any funds disbursed to the CONTRACTOR under this Agreement which in the judgment of the AQMD were not expended in accordance with the terms of this Agreement. The CONTRACTOR shall promptly refund any such funds upon demand.

In addition to immediate suspension or termination, AQMD may impose any other remedies available at law, in equity, or otherwise specified in this Agreement.

B. Without Cause: Either party may terminate this Agreement at any time upon giving the other party at least thirty (30) days advance, written notice of intention to terminate. In such case, the AQMD shall, subject to paragraph 4, pay its pro rata share of the reasonable value of all services satisfactorily rendered and actual, reasonable costs incurred up to the time of the termination. Upon such termination, all the work product produced by CONTRACTOR shall be promptly delivered to the AQMD.

8. CHANGES TO AGREEMENT

This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

CONTRACTOR shall defend, indemnify, and hold the AQMD harmless against and from any and all claims, suits, losses, damages and liability for damages of every name, kind and description, including attorneys fees and costs incurred, brought for, or on account of, injuries to or death of any person, including but not limited to workers, AQMD employees, and the public, or damage to property, or any economic or consequential losses, which are claimed to or in any way arise out of or are connected with the CONTRACTOR'S activities and work necessary to complete the Project unless such claim, loss, damage, injury or death is the result of the sole or active negligence of the AQMD. This duty of CONTRACTOR to indemnify and save AQMD harmless includes the duties to defend set forth in California Civil Code, Section 2778.

10. AUDITS AND INSPECTIONS

CONTRACTOR shall at any time during regular business hours, and as often as AQMD may deem necessary, make available to AQMD for examination all of CONTRACTOR'S records and data with respect to the matters covered by this Agreement. CONTRACTOR shall, and upon request by AQMD, permit AQMD to audit and inspect all of such records and data necessary to ensure CONTRACTOR'S compliance with the terms of this Agreement. CONTRACTOR shall be subject to an audit by AQMD or its authorized representative to determine if the revenues received by CONTRACTOR were spent for the reduction of pollution as provided in AB 2766 and to determine whether said funds were utilized as provided by law and this Agreement. If, after audit, AQMD makes a determination that funds provided CONTRACTOR pursuant to this Agreement were not spent in conformance with this Agreement, or AB 2766 or any other applicable provisions of law, CONTRACTOR agrees to immediately reimburse AQMD all funds determined to have been expended not in conformance with said provisions.

CONTRACTOR shall retain all records and data for activities performed under this Agreement for at least three (3) years from the date of final payment under this Agreement or until all state and federal audits are completed for that fiscal year, whichever is later.

Because this Agreement exceeds Ten Thousand Dollars (\$10,000), CONTRACTOR shall be subject to the examination and audit of the State Auditor for a period of three (3) years after final payment under Agreement (Government Code Section 10532).
