I. PURPOSE

The purpose of this policy is to identify the conditions under which County meeting rooms may be used for meetings, who may use those rooms and when they may be used.

II. POLICY

The primary use of County meeting rooms is for the conduct of County government business during regular hours. Use of meeting rooms for County business takes priority over all other meeting room uses. County reserves the right to cancel meeting room reservations at any time in the event the space is needed for County business and no other appropriate space is available. Use of meeting rooms may not disrupt or interfere with County business or activities.

County meeting rooms may be used for County business and governmental activities or purposes by County Government and Non-County Government Organizations/Groups:

1. County Government. County government, for purposes of this policy, includes:

A) The Board of Supervisors, County departments and agencies, and County boards, commissions and committees. Governmental bodies that contain one or more members of the Board of Supervisors, who are officially representing the County, shall be considered to be using the meeting rooms for County business.

B) Groups and agencies formed and/or authorized by County departments for the purpose of directly supporting or furthering the provision of County-provided or County-operated services or programs.

C) Registered or recognized County employee organizations

2. Non-County Government

County meeting rooms may be used as available by agencies and officers of federal, state or other local governments for government functions.

3. Non-Government Organizations/Groups

(May only use the meeting rooms in locations listed in Section III.B. All other county meeting rooms are for government use only)

Use of County meeting rooms for non-governmental activities or purposes outside County regular business hours is not allowed. Groups may use the meeting rooms, contingent upon availability and only when such use does not interfere with County's use, business or operations, for programs or activities of civic, cultural, educational, or community interest on equal terms, regardless of their affiliations under the following conditions:
