	Identify reason.			
Clinical Care & Outcomes  Documentation	<b>Acute Coronary Syndrome</b>  1. Aspirin Administration (%) 2. EKG Performance (%) 3. Scene time (Average) 4. Advance hospital notification for STEMI, (%) 5. Direct transport to SRC (%) 6. Documentation of Destination Decision (%)			
	<b>Stroke</b> 1. Stroke Scale complete (%) 2. Last known well time (%) 3. Right Destination (%) 4. Activation (%)			

## 2020 CQI Performance Indicators Worksheet

### **List of Performance Indicators**

- (1) Personnel
- (2) Equipment and Supplies
- (3) Documentation- All Medication, procedures, Activations, documented in Medication, procedures, Activation/Advanced hospital notification section (Not just Narrative)
- (4) Clinical Care and Patient Outcome
- (5) Skills Maintenance/Competency
- (6) Transportation/Facilities
- (7) Public Education and Prevention
- (8) Risk Management
- (9) Other (if not applicable to any of the other eight categories)

Quarterly data will be submitted to the EMSA. This will include this digital format and a graph format (Pie chart, Bar graph etc..)
