You will benefit from this class whether you are helping a parent, spouse, friend or someone who lives at home, in a nursing home, or across the country.

"After taking this class I am a more confident caregiver! Having tools to resolve problems is a definite advantage in becoming a better caregiver and a happier, wiser, healthier me...and a healthier “us”!

~ Peggy, Caregiver
(Mother has Alzheimer's disease)

Each Class participant will receive a book to accompany the class content. This book contains chapters covering topics such as:

- Understanding depression
- Making decisions about driving

"About the time the class began, I was about at my wits end. The communication tools will work toward maintaining a better atmosphere and contribute to improved attitudes for both of us...it will never be easy, but it is easier than it was 6 weeks ago.”

~ Caregiver

This class will give YOU, the family caregiver, tools to:

- Help you reduce stress
- Communicate effectively with other family members, your doctor, and paid help
- Take care of yourself
- Reduce guilt, anger, and depression
- Help you relax
- Make tough decisions
- Set goals and problem-solve

Please note that this class will NOT focus on specific diseases or hands-on caregiving for the care receiver.

Your participation will make a difference!

"I felt lost in being an effective communicator to ask for ways to best care for my mother. The classes gave me the courage to attempt another family meeting. The classes were a 10!”
