I. Welcome and Introductions

II. Approval Of Minutes
   - January 13, 2015 final minutes will be posted to the website www.edcgov.us/publichealthpreparedness.

III. Good Of The Order and Agency Updates – All
   - Marshall Medical Center (Nina Deatherage) – will host Personal Protective Equipment (PPE) training on April 30; contact Nina Deatherage for more information.
   - Environmental Management (Karen Bender) – a press release for West Nile Virus will be issued the next week, there were 0 cases in El Dorado County in 2014.
   - Public Health (Dr. Paris) – The Ebola Guidance on levels of response has been updated. The closest Ebola treatment hospital to El Dorado County is UC Davis.
   - Public Health (Kristine Guth) – The state released Ebola funding, the funds will be used for PPE for partners and staff, as well as training.
   - Office of Emergency Services (Jamey Morgan) – OES is renewing the Drought Declaration/State of Emergency for El Dorado County to keep it current. The drought is largely impacting the Outingdale area of the County.
   - American Red Cross (Joan Kling) – the Disaster Action Team (DAT) has responded to 3 house fires recently. The Red Cross conducted a shelter
exercise in Pollock Pines and in late April will conduct the Pineapple Exercise and open 6 shelters simultaneously throughout the region.

IV. **Hospital Medical Surge Presentation** – Candace Revaz, Marshall Medical Center
   - Candace provided an overview of Marshall’s medical surge plan.

V. **Continuity of Operations Planning (COOP)** – Kristine Oase Guth, EDC Public Health
   - Kristine provided a Prezi on COOP, http://prezi.com/epahmk77uvc1/?utm_campaign=share&utm_medium=copy&rc=ex0share

VI. **King Fire Video and Discussion** – All
   - Discussion following the video included agency After Action activities, such as:
     i. El Dorado County Community Health Center – both staff and clients were impacted by the King Fire.
     ii. Public Health – Dr. Paris reported that Western Sierra Medical Center filled several prescriptions for individuals that were evacuated.
     iii. OES – animal evacuations were large components of both the Sand and King Fires.
     iv. All – social media was beneficial and a challenge during the fires. The social media discussion will continue at the July 2015 meeting.

VII. **Drought Update** – Kim Lorenz, Governor’s Office of Emergency Services
   - The State has received $1B for drought activities. Residents are encouraged to replace lawns with drought resistant plants, etc. Five counties are utilizing the funds, for example in Tuolumne County 500 wells are drying up. Placer County has 7 wells drying up and the Outingdale area of El Dorado County is having water issues, they draft water from the Consumnes River and will need to truck in water if they can’t draft it.

VIII. **Exercises And Trainings** – Kristine Oase Guth
    - Quarterly Communications Drill – May 7, 2015
    - HHSA/Red Cross Shelter Training and Exercise – May 21, 2015

IX. **Next Meeting** - Next Meeting July 14, 2015 at 1:00, NEW LOCATION: El Dorado County Health and Human Services Agency, Sierra Room, 3057 Briw Road, Placerville.
