

NOW HIRING SENIOR CIVIL ENGINEERS

Annual Salary Range \$117,062 — \$142,292 + Benefits

We are currently offering two hiring incentives!

The Senior Civil Engineer in the Land Development and Transportation Planning Group will have the opportunity to plan, coordinate, supervise, analyze, and evaluate the work of professional and technical staff performing engineering work in the areas of project management. The ideal candidate will possess a valid California registration as a Civil Engineer, be well versed in the Subdivision Map Act, and have familiarity with development services and traffic modeling for commercial and residential development projects.

Minimum Qualifications: Equivalent to graduation from a four-year college or university with major coursework in civil engineering **AND** two years of lead or project management experience in public works design and construction engineering work at a level equivalent to the County's Associate Civil Engineer. Must possess a valid California registration as a Professional Civil Engineer or obtain licensure in California by comity (reciprocity) within the one-year probationary period.

For additional information about the position and to apply for the opening currently available in the Placerville Transportation office, please visit <https://www.governmentjobs.com/careers/edcgov> or call the Department of Human Resources at (530) 621-5565.

Come join us in beautiful El Dorado County!
