Ms. Williams:

We are pleased to submit the adopted 2021-2029 El Dorado County Housing Element for the final 90-day certification review. Please find the adopted element and Board of Supervisors Resolution No. 107-2021 attached.

This Housing Element describes the County's updated plan for addressing the housing needs of its residents through May 15, 2029. As stated in your letter dated August 6, 2021, the draft housing element submitted on June 7, 2021, would comply with state law once additional revisions were made and the element was adopted and certified. While the enclosed draft addresses the additional findings, we request that if additional edits are needed that we have the opportunity to work with HCD during the 90-day review period to receive a conditional compliance letter.

Per Government Code Section 65583(a)(3), an electronic copy of the County's sites inventory will be submitted to sitesinventory@hcd.ca.gov.

The County is committed to working with the California Department of Housing and Community Development (HCD) to continue to implement the housing element, to ensure the legal adequacy of the general plan, and to preserve local control of land use decisions.

We look forward to hearing from your office. If you have any questions, please do not hesitate to contact me at (916) 607.7281 or cwalsh@placeworks.com.

Sincerely,

PLACEWORKS
