

RESOLUTION NO. 167-2021

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO

WHEREAS, the Mitigation Fee Act, California Government Code sections 66000-66025, allows the establishment of a development impact fee as a condition of approval where the purpose and use of the fee are identified and a reasonable relationship between the fee and the type of development on which the fee is imposed is demonstrated (Gov. Code subdivision 66001(a)); and

WHEREAS, the County of El Dorado has adopted Ordinance No. 5057, codified in Title 13, Chapter 20 (sections 13.20.010 to 13.20.050) of the El Dorado County Code, which authorizes the Board of Supervisors to establish development impact mitigation fees for parks and recreation applicable to new development within the unincorporated area of the County, in order to fund capital facilities improvements and equipment acquisition for the provision of park and recreation services necessitated by new development within a community services district, a recreation and park district or other public entity authorized by law to provide public recreation by means of parks; and

WHEREAS, the County of El Dorado, at the request of the Cameron Park Community Services District ("District"), has established such park impact fees within the District's boundaries; and

WHEREAS, the Mitigation Fee Act requires a local agency that has adopted impact fees in accordance with the Mitigation Fee Act to make certain findings with respect to the unexpended portion of the account or fund, whether committed or uncommitted, for the fifth fiscal year following the first deposit into the account or fund and every five years thereafter (Gov. Code subdivision 66001(d)); and

WHEREAS, District has prepared and provided the attached report, labeled "Exhibit A," hereinafter referred to as "Report," which District has determined provides the required information to support the findings required by the Mitigation Fee Act (Gov. Code subdivision 66001(d)); and

WHEREAS, these findings are being made in connection with the public information required by subdivision (b) of section 66006 and that public information is incorporated by reference herein; and

WHEREAS, the first deposit of fee revenue into the District account was made in Fiscal Year 1997-98, and these five-year findings pertain to the balance in the account at the end of Fiscal Year 2020-21 (July 1, 2020 through June 30, 2021).

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors hereby accepts the Report provided by District and incorporates it by reference herein, and finds that the Report provides sufficient information with regard to the unexpended balance in the District's Development Impact Mitigation fund or account to support the following findings as required by the Mitigation Fee Act:

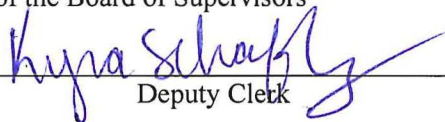

- A. The adoption of this resolution is not a "project" for purposes of the California Environmental Quality Act ("CEQA") because the resolution relates to a financial reporting requirement and does not authorize or commit the County to a particular project, thus is exempt as an ongoing administrative activity or funding activity pursuant to CEQA Guidelines subsections 15378(b)(2) and (b)(4) and is otherwise exempt under the common sense exemption in CEQA Guidelines subsection 15061(b)(3).

- B. The purpose to which the fee is to be put has been adequately identified as set forth in the Report, and is functionally equivalent to the use(s) identified at the time the fee was established;
- C. As reflected in the Report, a reasonable relationship exists between the fee and the purpose for which it is charged;
- D. As of the end of FY 2020-2021, the impact fee account (Fund 8001, Org 80010120) held \$1,018,570.75, and as reflected in the Report, all sources and amounts of funding anticipated to complete financing in incomplete improvements have been identified; and
- E. As reflected in the Report, the approximate dates on which the funding necessary to fund incomplete projects will be deposited into the appropriate account or fund have been identified.

PASSED AND ADOPTED by the Board of Supervisors of the County of El Dorado at a regular meeting of said Board, held the 7th day of December, 2021 by the following vote of said Board:

EXECUTIVE SUMMARY

INTRODUCTION

The Mitigation Fee Act (Government Code Section 66000 et. seq., hereafter the "Act") requires local agencies to report certain financial information regarding their development impact fee programs every year and every fifth year. These reporting requirements are applicable to the park impact fee ("Reportable Fee") program of the Cameron Park Community Services District ("District") adopted by the County of El Dorado ("County") on behalf of the District.

This *Five-Year Findings Report* provides the findings required by Section 66001(d)(1) of the Act for the District's Park Impact Fee Fund for fiscal year ending June 30, 2021. The District's last Five-Year Findings Report for their park impact fee fund was provided for fiscal year ending June 30, 2016.

BACKGROUND

Section 66006(b) the Act requires that the following information, entitled "*Annual Report*," be made available to the public within 180 days after the last day of each fiscal year:

- a brief description of the type of fee in the account;
- the amount of the fee;
- the beginning and ending balance of the account;
- the fees collected that year and the interest earned;
- an identification of each public improvement for which the fees were expended and the amount of the expenditures for each improvement;
- an identification of an approximate date by which development of the improvement will commence if the local agency determines that sufficient funds have been collected to complete financing of an incomplete public improvement;
- a description of each inter-fund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, the date on which any loan will be repaid, and the rate of interest to be returned to the account; and
- the amount of money refunded under section Govt. Code § 66001.

In addition to the Annual Report, local agencies are required, for the fifth fiscal year following the first receipt of any development impact fee proceeds, and every five years thereafter, to

comply with Section 66001(d)(1) of the Act by affirmatively demonstrating that the local agency still needs unexpended development impact fee revenue to achieve the purpose for which it was originally imposed and that the local agency has a plan on how to use the unexpended balance to achieve that purpose.

Specifically, local agencies must make the following findings, entitled “*Five-Year Findings Report*,” with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

- Identify the purpose to which the fee is to be put;
- Demonstrate a reasonable relationship between the fee and the purpose for which it is charged;
- Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements; and
- Designate the approximate dates on which the funding is expected to be deposited into the appropriate account or fund.

In addition to the requirements set forth above, Section 66001(e) of the Act states that when sufficient funds have been collected to complete financing on incomplete public improvements, and the public improvements remain incomplete, the local agency shall identify, within 180 days of the determination that sufficient funds have been collected, an approximate date by which the construction of the public improvement will be commenced, or shall refund to the then-current record owner or owners of the lots or units, as identified on the last equalized assessment roll, of the development project or projects on a prorated basis, the unexpended portion of the fee, and any interest accrued thereon.

However, 66001(f) of the Act states that if the administrative costs of refunding unexpended revenues exceed the amount to be refunded, the local agency, after a public hearing, notice of which has been published and posted in three prominent places within the area of the development project, may determine that the revenues shall be allocated for some other purpose for which fees are collected and which serves the project on which the fee was originally imposed.

ANNUAL REPORT (FISCAL YEAR 2020-21)

In accordance with Government Code Section 66006(b)(1) and (2), the Cameron Park Community Services District (the "District") provides the following information for fiscal year 2020-21 for District's Park Impact Fee Program.

The balance of the Reportable Fee account at the beginning of fiscal year 2020-21 was \$828,394.60. At the end of fiscal year 2020-21, the balance of the Reportable Fee fund was \$1,018,570.75.

FIGURE 1 – USE OF REPORTABLE FEES

<u>Improvement Project</u>	<u>Total Expenditure</u>	<u>% Funded with Reportable Fee</u>

New Splash and Spray Park (Design Work)	\$13,037.69	1.2%

IDENTIFICATION OF INCOMPLETE IMPROVEMENTS

The District expended \$53,676.15 on design work for the construction of a new \$1.093 million splash and spray park at Cameron Park Lake. The District anticipates that construction will be completed by Spring 2023.

There were no other interfund transfers or interfund loans from the Reportable Fee fund in fiscal year 2020-21.

REFUNDS 13,037.69

The District issued no refund of Reportable Fees in fiscal year 2020-21.

FIVE-YEAR REPORT (AS OF JUNE 30, 2021)

In accordance with Government Code Section 66001(d)(1), the Cameron Park Community Services District (the "District") affirmatively demonstrate that the District still needs unexpended fees to achieve the purpose for which it was originally imposed and that the District has a plan on how to use the unexpended balance to achieve that purpose.

UNEXPENDED REPORTABLE FEES

The District's Park impact fee ("Reportable Fee") fund balance as of June 30, 2021, was \$1,018,571.

PURPOSE OF THE REPORTABLE FEE

The purpose of the Reportable Fee imposed and collected on new residential development within the District is to fund the construction of new park and recreational facilities, including community use facilities, to serve the new service population created by new residential development within the District. Specifically, the District's unexpended Reportable Fee fund balance will fund the following projects:

New Splash and Spray Park at Cameron Park Lake	\$1,093,030
TOTAL	\$1,093,030

RELATIONSHIP BETWEEN THE REPORTABLE FEE AND THE PURPOSE FOR WHICH IT IS CHARGED

There is reasonable relationship between the unexpended Reportable Fee balance and the purpose of the Reportable Fee, by reason of the fact that the additional service population generated by the development projects that paid the Reportable Fee created the need for new park and recreational facilities, including community use facilities, to maintain the District's level of service. The District intends to use the unexpended Reportable Fee fund balance to fund the installation of new (added) recreational facilities which will expand the District's recreational facilities to serve the District's growing service population.

SOURCES OF FUNDING FOR INCOMPLETE IMPROVEMENTS FUNDED BY UNEXPENDED REPORTABLE FEES

The estimated cost of the District's incomplete improvements funded by the unexpended Reportable Fee and the sources and amounts of funding anticipated to complete the financing of the incomplete improvements are shown in Figure 3 below.
