QR Codes on Tax Bills Offer Ease of Payment

K. E. Coleman, MBA, El Dorado County Treasurer-Tax Collector, announces a new addition to this year's tax bills. QR Codes, uniquely created for each Parcel Number, appear on tax bills for the first time this year. "Taxpayers with smart phones can simply snap a photo of the QR code on the payment coupon," says Coleman. "They will be taken directly to the payment cart for that unique parcel number and that tax installment."

The payment coupon QR Codes are uniquely created for each Parcel Number. An additional QR code, located adjacent to the mailing address at the top of the bill, is used by Tax Collector Staff to locate property addresses on tax bills that were returned by the U.S. Postal Service.

"The Treasurer-Tax Collector Department stays abreast of technology advancements to offer efficiencies in payment options. Of course, mail, in-person and online payment choices remain available," concludes Coleman.
