AIR QUALITY MANAGEMENT DISTRICT

Program Summary

Air Quality

Positions: 9.0 FTE

Extra Help: \$0

Total Appropriations: \$9,019,503

Total Revenues: \$9,019,503

Net County Cost: \$0

The Air Quality Management District (AQMD) administers the California and Federal Clean Air Acts via guidelines set forth by State and Federal Agencies and the AQMD Rules established by the Board of Directors. These requirements are implemented through a variety of activities including: emission control requirement compliance verification, Naturally Occurring Asbestos dust control, fugitive dust control, burn regulation enforcement, 24 hour complaint investigation, land development project review and promotion of transportation control measures that improve air quality. Revenue is generated from stationary source permit fees, construction dust mitigation plan fees, Federal Targeted Airshed Grant (TAG) funding, motor vehicle registration fees, State funding for Portable Equipment Registration Program (PERP), State grant funding for ag equipment through the FARMER program, subvention funding for rural districts, annual Carl Moyer Program allocations, AB197 and AB617 grant funds, and other sources. Stationary source permit fees are adjusted annually based upon changes to the California Consumer Price Index and in accordance with the AQMD Rules.

AQMD funds shuttle projects, bike paths, road paving, bus retrofits/replacements, agricultural equipment replacements, vehicle retirement and other projects that reduce motor vehicle emissions. AQMD incentivizes the purchase of electric vehicles and works to expand electric vehicle charging infrastructure throughout the County. The number of Drive Clean! incentives for the purchase or lease of a new EV (electric vehicle) or PHEV (plug-in electric hybrid vehicle) for FY2021/22 is showing a continuing strong participation in the program and is projected to finish the year approximately even with the number of incentives the previous fiscal year, even though some popular vehicle models have dropped off the eligibility list. With mainline manufacturers introducing more eligible EV and PHEV models each model year, we expect this to continue to be a robust and cost effective incentive program.

AQMD also incentivizes old wood stove removals and replacement through a proven local program and a highly successful augmented State-funded program, and have added an additional Federally-funded program. AQMD's success with the wood stove programs has been recognized by other districts, and AQMD continues to administer the woodstove replacement programs for Placer County.

In April of 2018, AQMD introduced the Clean Lawnmower Incentive Program (CLIP) which to date has incentivized the replacement of over 775 gas-powered mowers with clean, quiet, battery-powered electric mowers.

Over the next few fiscal years, the District will be providing the County Department of Transportation with Federal Targeted Airshed (TAG) grant funding to continue to double chip seal slurry approximately 4.62 miles of the County's unpaved roads that are located in or near naturally occurring asbestos (NOA) areas.

Staff salaries and benefits comprise approximately 15.17% of the FY 2022-23 budget and total general administrative (non-program) costs comprise approximately 19.10%.

AIR QUALITY MANAGEMENT DISTRICT

Sources of Funds

License, Permits & Franchises (\$895,370): Air emissions source permits, authorization to construct permits, fugitive and asbestos dust plans and hot spots program revenue.

Fine, Forfeiture & Penalties (\$1,000): Minor revenue from air quality violations.

Use of Money & Property (\$15,500): Interest revenue.

State (\$2,925,327): Carl Moyer Memorial Air Quality Standards Attainment Program Grant and Admin Funding (\$1,263,906); AB 2766 and AB923 DMV registration (\$1,215,000), FARMER Program grant and admin funding (\$295,650); Rural district subvention funds (\$94,280); PERP funding (\$28,300); AB617 Community Air Protection Program (\$14,169), AB197 Emission Inventory funding (\$10,000), and State Woodstove Program administrative funding (\$4,022).

Federal (\$480,214): Federal Environmental Protection Agency Targeted Airshed Grant reimbursement for installation of cleaner-burning woodstoves in El Dorado and Placer Counties' non-attainment areas, including administrative cost.

Miscellaneous Revenue (\$39,092): Funds from Placer County Air Pollution Control District to fund wood stove replacement incentives in the eastern and central portions of Placer County and for AQMD staff costs for administering the Placer County wood stove replacement program.

Use of Fund Balance (\$4,663,000): Carryover of funds from prior fiscal years.

AIR QUALITY MANAGEMENT DISTRICT

Use of Funds

Services & Supplies (\$3,878,094):

AIR QUALITY MANAGEMENT DISTRICT

Staffing Trend

AQMD's staffing remained constant for several years after separating from EMD in FY 2010-11. From FY2010-11 to FY2015-16, the County's Community Development Agency provided fiscal services and annually charged AQMD an amount equivalent to the cost of 1.0 FTE. Starting in FY 2016-17, those administrative functions have been performed by a Senior Department Analyst (now Air Quality Administrative Analyst) employed directly by the District. Having a single position working solely on District business has dramatically improved administrative/fiscal services and accelerated grant program delivery to residents, businesses, nonprofit entities and agencies. In FY2018-19, the Board of Directors approved the addition of a Senior Air Quality Engineer to fulfill increased State mandated program requirements, expand the incentive programs and enhance succession planning. Staffing in FY2022-23 remains the same, with no additions or reductions in staff.

CPI Index is determined by the State of California Office of the Director - Research Unit Consumer Price Index : Selecting California CPI, All Urban Consumers, April to April of the prior year. Referenced by Rule 601.4C, 609.4B and 610.3.B.4

California Revenue and Taxation Code Section 2212: "Percentage change in the cost of living means the percentage change from April of the prior year to April 1 of the current year in the California Price Index for all items, as determined by the California Department of Industrial Relations." Due to changes in the manner the California CPI is calculated and reported by the California Department of Industrial Relations starting in 2018, April's CPI number is not available in time to release budget and fee information per California code. The District used the April 2017 - February 2018 CPI change for the FY18-19 fee calculation, are using the February 2018 - February 2019 CPI change for the FY19-20 fee calculation, and will continue using February-February CPI numbers for future years.

*Per Rule 610.4: Fees associated with Rule 610.3B, 610.3.c, 610.3D, 610.3E or 610.3F include a 50% penalty if not paid within 30 days of the date of the invoice.

**Per Rule 608.4 : Fees associated with Rule 601.3A,B or C will be charged a 50% penalty if not paid within 60 days of the date of assessment. An additional penalty of 50% is assessed after 90 days of the date of assessment. After 120 days if the fee goes unpaid, permit revocation proceedings may be initiated.

***Per Rule 601.4A: Fees associated with Rule 601.3B, 610.3.(all) include a 50% penalty if not paid within 30 days of the date of the invoice.
