EMS Informational Bulletin #12-002

Date: January 31, 2012
To: East Slope EMS Providers and Barton MICNs
From: EDC EMS Agency
Subject: Level III Trauma Clarification

Recently, EDCEMS sent bulletin regarding Barton Memorial Hospital functioning as a Level III Trauma Center starting February 1st, 2012. Barton will be functioning as a Level III Trauma Center for data collection purposes and this should not alter the treatment or the disposition of your trauma patients. Please continue to follow the EDCEMS policies, procedures, and protocols as you always have and continue to utilize the base station physicians for trauma patient destination determination.

I hope this clears up any confusion regarding the prior bulletin.

Sincerely,

The EDCEMS Staff
