### **17.61.010 Content; Applicability**

Within the county there exist uses and structures that were lawfully established before the adoption of this Title, but which would be prohibited, regulated or restricted differently under the terms of this Title, as amended.

This Chapter specifies the manner in which these legal nonconforming uses and structures may be continued, and may be expanded under certain circumstances. It also establishes criteria by which such uses or structures may be abated or removed in an equitable, reasonable, and timely manner without infringing on the constitutional rights of property owners.

### **17.61.020 Continuation, Transfer, or Sale**

Change of ownership, tenancy or management of a legal nonconforming use, structure or lot shall not affect its legal nonconforming status, provided the specific use and intensity of use do not change, except as allowed in this Chapter.

### **17.61.030 Legal Nonconforming Structures**

A legal nonconforming structure may be continued and maintained as follows:

- A. A legal nonconforming structure may be restored if it is involuntarily damaged or destroyed by fire, other catastrophic event, or the public enemy, up to its pre-damage size and placement. Construction shall be completed within three years if located within a Community Region or five years if located in the remaining unincorporated area of the county.
- B. A legal nonconforming structure or any part of it that is voluntarily destroyed or removed, may be rebuilt within the same footprint within three years if located within a Community Region or five years if located in the remaining unincorporated area of the county, or shall lose all nonconforming status for any part or parts affected and may not be reconstructed.

- C. A legal nonconforming structure may be repaired or altered, including structural alterations to bearing walls, columns, beams and girders, or may be increased in area or volume if the addition complies with this title and the most recent county adopted Building Code.
- D. A legal nonconforming structure or accessory structure may be used or converted to any use that conforms to the zone district in which it is located and complies with the most recent county adopted Building Code. Such structure or accessory structure will not lose its nonconforming status if it has been vacant for any time.
- E. A structure considered non-conforming because it does not observe the required setbacks of the zone, may be increased in area or volume, provided that the addition does not encroach further into the required setback.

#### **17.61.040 Legal Nonconforming Uses**

A legal nonconforming use may be continued and maintained as follows:

- A. No increase in intensity or of the area, space, or volume occupied or devoted to a legal nonconforming use, except as allowed in this Chapter shall be allowed.
- B. A legal nonconforming use that has ceased or been abandoned for a continuous period of five years or more shall lose its nonconforming status, and the continued use of that property or structure shall conform to the regulations of the zone district in which it is located, except as allowed.

If the legal nonconforming use is cultivated agricultural land, the use shall not be considered abandoned if it is part of a managed agricultural operation where such land is planned for continued cultivation.

- C. If a legal nonconforming use involves the keeping of animals, then the number of animals, types of animals, minimum lot area for animals, or other standards for the keeping of animals not in conformance with the zone district in which they are located, may be continued until the owner or occupant removes them for a continuous period of five years or more.
- D. Additional uses are allowed on property that contains a legal nonconforming use provided those uses meet all requirements and regulations of the zone district in which they are located, and do not result in the nonconforming use expanding as restricted in this Chapter.
- E. If a legal nonconforming use is converted to a conforming use, no previous nonconforming use may be resumed.
- F. Repairs and alterations may be made to structures containing legal nonconforming uses, including structural alterations to bearing walls, columns, beams and girders, or an

increase in area or volume. All work shall meet the requirements of the most recent county adopted Building Code.

- G. A structure containing a legal nonconforming use may be restored up to its pre-damaged size and density if it is involuntarily damaged or destroyed by fire, other catastrophic event, or the public enemy. Reconstruction of the structure shall be allowed if the use is to be reestablished.
- H. A legal nonconforming use where no structure is involved may be restored up to its pre-damaged size and intensity if it is involuntarily damaged or destroyed. The use shall be reestablished within five years of the date of the damage.

**17.61.050 Changes or Expansion of Legal Nonconforming Uses**

The Commission (subject to right of appeal to the Board) may allow changes or expansions to legal non-conforming uses as set forth in this Chapter. Procedures adopted for conditional use permits according to Article 5, shall be used, except that the findings set forth in this Chapter shall be made by the Commission prior to approval.

- A. A legal nonconforming use may be changed to another nonconforming use of the same or less intensive nature.
- B. A structure occupied by a legal non-conforming use that has ceased or been abandoned according to this Chapter may be allowed to be used for the same or less intensive use if the structure or structures cannot feasibly be used for any use consistent with the zone district in which it is located.
- C. A legal nonconforming use may be enlarged, expanded, or extended when such use is necessary due to economic market demands for the goods, products, or services provided.
- D. The time limits specified in this Chapter may be extended.
- E. The Commission shall make one or more of the following findings regarding changes or expansions to legal nonconforming uses:
  - 1. The proposed change or expansion of the legal nonconforming use is essential and/or desirable to the public convenience or welfare.
  - 2. The change or expansion of the nonconforming use will not have a negative impact on the surrounding conforming uses and the area overall.
  - 3. Other property where the use would be conforming is unavailable, either physically or economically.
  - 4. No other appropriate remedies are available to bring the use into conformance, including amending the zone or zoning ordinance text.

**17.61.060 Legal Nonconforming Lots**

Nonconforming lots are those lots legally created in compliance with Chapter 16.76 of the County Code that do not conform to the lot area and dimension standards for the zones in which they are located. Nonconforming lots shall be subject to the following:

- A. The uses allowed in the zone shall be allowed on a nonconforming lot.
- B. Development standards for the zone in which the lot is located, including setbacks, shall be applied to all development on the lot.

**17.61.070 Structures and Uses Under Construction.**

Any structure for which the county has issued a building permit that is still in effect, or any conforming use or building which was legally under construction before the effective date of any ordinance rendering the structure or use nonconforming, may be completed and used according to approved plans, specifications or permits as follows:

- A. For nonconforming uses, the use shall be commenced within two years of the effective date of the ordinance rendering such use nonconforming.
- B. For nonconforming structures, the construction shall be commenced within two years and completed within three years of the effective date of the ordinance rendering such structure nonconforming

**17.61.080 Determination of Nonconforming Status—Burden of Proof**

Where the county asserts that an existing use or structure is neither a legal conforming or legal nonconforming use or structure, the county shall have the burden of proof.

**16.61.090 Public or Private Nuisance**

Nothing contained within this Chapter shall be construed to allow a legal nonconforming use to be conducted in such a way as to constitute a public or private nuisance, or a danger to the public health and safety.
