El Dorado County River Management Plan Element 6.2.1.4

River Management Plan
Section Relating to Permit Transfers

- 6.2.1.4 River Use Permit Transfers - Where a commercial outfitter wishes to transfer a River Use Permit, the following guidelines and procedures shall be used.
- 6.2.1.4.1 For any proposed transfer of a River Use Permit, a written application must be submitted to the Planning Commission for its review and approval prior to a transfer being consummated. Said application letter is to be submitted through County Parks. The following guidelines are to be used to facilitate the application for transfer.
- 6.2.1.4.1.1 The buyer and seller negotiate and settle privately on the selling price of that commercial outfitter's business and inventory, excluding the South Fork River Use Permit. The River Use Permit shall have no value assigned to it in the transaction.
- 6.2.1.4.1.2 The seller and buyer submit a Letter of Intent stating that the seller wishes to sell his business and transfer the River Use Permit to the buyer. The letter shall include the River Use Permit numbers and names of outfitters involved. This Letter shall be delivered to County Parks. With the Letter of Intent, when requested by the County, the buyer and seller shall include an inventory of equipment and other assets that shall be transferred along with the permit.
- 6.2.1.4.1.3 County Parks shall review the proposed transfer and forward a staff recommendation along with conditions to the Planning Commission.
- 6.2.1.4.1.4 Permit holders with outstanding violations may not be allowed to transfer a permit until the violations are resolved.
- 6.2.1.4.1.5 An existing outfitter's business may be sold to an individual who does not currently hold a River Use Permit or to another permit holder. Upon such sale a transfer fee, set by the Board of Supervisors, will be paid to the County by the new Permit holder.
- 6.2.1.4.2 Transfer of a Portion of a River Use Permit - In some instances where an outfitter would like to sell a portion, but not all of his business, or an existing partnership is proposed to be dissolved, the Planning Commission may consider the transfer of a portion of that River Use Permit. The guidelines outlined in the preceding Elements shall apply as well as the following.
- 6.2.1.4.2.1 A portion of a River Use Permit that is proposed to be transferred must include a proportional share of equipment or other physical assets.
- 6.2.1.4.2.2 The transfer of a portion of a River Use Permit must specifically state what portion of the weekday and weekend capacity is to be transferred.

- 6.2.1.4.2.3 The transfer of a portion of a River Use Permit can only be authorized between two commercial outfitters that each hold a valid County River Use Permit. A new River Use Permit cannot be created by division of an existing partnership, except when two Permits had been combined into one.
- 6.2.1.4.2.4 The permittees' past history of river use, violations, complaints, and other operating characteristics will be carefully considered prior to approving any transfer of permit capacity. In general, the County wishes to allow partial transfers only to those outfitters who have exhibited the highest level of expertise and commercial management and have operated without violations or infractions.
- 6.2.1.4.3 Consolidation of River Use Permits – The County strongly desires that outfitters who hold more than one County River Use Permit combine those Permits into a single Permit. This will greatly simplify the County's accounting procedures. In some situations, it is a business advantage to an outfitter to hold more than one Permit. The County will not, in general, require that multiple permits be combined unless problems with reporting, accounting, exceeding permit capacity, and other problems occur. Multiple permits may be required to be combined in the following instances.
 - 6.2.1.4.3.1 When there is a history of reporting and accounting problems by either the County or the outfitter.
 - 6.2.1.4.3.2 When the capacity limits as described in the permit(s) are exceeded.
 - 6.2.1.4.3.3 When a transfer of a permit is proposed.
 - 6.2.1.4.3.4 When the outfitter does not properly mark equipment and boats with the company name (if there is more than one company name on each permit and each permit is accounted for separately and distinctly.)
 - 6.2.1.4.3.5 If the company names on the permits are the same, the overall multiple permit capacity shall be the sum total of the individual permits' weekend day and weekday allocations.
