Electric Table-top FireMixer-14 Cooker-Mixer Cooking System

With PLC Touch-Screen Temperature & Function Control and Water Cooling Feature!

NEW 'SMART' PLC Touch-Screen control panel makes monitoring and controlling your processing easy and fun! Ability to monitor and control temperature of both product AND skin of kettle for no-burn processing. Unique cooling feature permits flushing of heat out of cooker at the end of the cook by flowing tap water through it, giving you time to remove the product without temperature overshoot.
